Father Krukkert Died Tuesday in Amarillo Hospital

Father John Herman Krukkert, recently of St. Mary's Catholic Church in Umbarger died early Tuesday morning in St. Anthony's Hospital.

Born in Holland in 1890, Father Krukkert was ordained into the Catholic priesthood in 1920 at Friebourgh University in Switzerland. He was ordained for the Dallas diocese and his first position in this country was as assistant pastor of St. Patrick's in Dallas. In those days, the Panhandle was a part of the Dallas diocese, and in 1923 Father Krukkert took over the post at St. Francis. He built the Catholic Church there. From then until 1935, Father Krukkert was one of the most active priests in the Amarillo diocese, established in 1927.

The list of churches he built reads almost like the roster of all Catholic churches in the area. Some of the churches he built were St. John's at Borger, St. Teresa at Panhandle, St. Alice at Plainview, St. Mary's at Joyton, Sacred Heart at Aspermont, St. Margaret Mary at Lamesa, St. Mary's at San Angelo, Sacred Heart at McCarney, St. Peter's at Mertzon and St. Thomas at Rankin.

In 1935, Father Krukkert was forced to retire from his work and take a rest in California. He had been suffering from an incurable arthritic condition. However, in 1943 he felt strong enough to return and was assigned to St. Mary's at Umbarger. His building instincts continued and he obtained prisoner-of-war labor to finish the inside of the church. He found several artists among the Italian prisoners who decorated the interior, so that it is now one of the Catholic showplaces of the Panhandle.

Diocese officials here said Father Krukkert's death was hastened by his trip back to Holland this year. He returned to see his father who was 96 years old.

Father Krukkert's body is in state in Amarillo. Funeral arrangements are pending awaiting the arrival of Bishop Laurene Fitz-Simon, who is in Washington.

Rotary Club Had War Veterans at Luncheon Tuesday

Armistice Day was observed Tuesday at the luncheon of the Canyon Rotary Club. Thirty-five veterans of World War I were special guests of the Club.

Glenn Truax, Commander of the Palo Duro Post, was in charge of the program.

Chaplain Morris U. Lively, Lieut. Colonel, of the Amarillo Veterans Hospital spoke on the meaning of Armistice Day. He based his talk on the 6th Chapter of Judges which describes the 300 men who stood for truth and liberty against a horde of enemy.

"The sword is drawn to defend the precious heritage of Liberty," declared the speaker. There has been a threat for power of a small group of dictators in every generation. Likewise there have always been those who are ready to do battle against those who lust for power.

The Chaplain traced down through history those who had sought to become dictators, and how their plans had been thwarted by those men who stood against their ambitions to rule by might.

Armistice Day is sacred to the veterans of World War I. It is almost as sacred as Christmas, because it is a time for remembering those who fell in battle to uphold the same spirit as described in the book of Judges.

While time has thinned the ranks of veterans of World War I; faces are wrinkled; hair has grayed; many have taken walking canes; yet the spirit of 1918 goes on. These men honor the veterans of World War II who carried the lamp of freedom in this last war. There will always be young men who will draw the sword for freedom until every nation shall be willing to live in peace in this world.

Announcement was made that Rotary Ann night would be held on Monday, Nov. 24.

The following guests were present: Rev. Benjamin E. Bollman, H. R. Fulton, Jr., A. M. Cunningham, all of Canyon; Dr. George O. Pratt, Lew Fields, Roy Boger, Horace Griggs, Bill Dell, J. E. Bowman, Arch Hunsley, Max Watson, all of Amarillo; Meeler Markham of Carrizo Springs.

Eat Hens, But No Eggs on Thursdays Is Now New Rule

You can eat all the poultry you wish on Thursdays, but lay off the eggs. The voluntary plan to reduce egg consumption will continue for the present, according to announcement from the citizens food committee.

According to Washington announcement, citizens will be asked to reduce the number of broiler chicks by one-third for 1948; reduce turkey poult 12%; reduce ducks 15%; cull all poultry flocks so that the poultry population will be reduced 136 million by January 1. It is estimated that this plan would leave 400 million chickens on American farms.

Reduction of the poultry population is for the purpose of saving grain.

National F.H.A. Week Observed at Mock Broadcast

National F. H. A. Week was celebrated by the West Texas State High School Chapter, Nov. 7, when a mock radio broadcast was held in the school auditorium. Members of the Canyon High School chapter and girls of W. T. High School were guests.

A sextette from Canyon High School sang the chapter song, and Carrol Vaughan was narrator for the program. Cecil Briggs read the Governor's proclamation.

Bonita Brown is president of the organization, and Mrs. Mary Ann Duke is sponsor.

Homecoming of WT High Comes Friday p. m.

West Texas State High School, at Canyon, will stage its annual Homecoming celebration Friday afternoon and evening, November 14.

The celebration will begin with a game between the West Texas High Calves and the Clarendon Broncos, at two o'clock in the afternoon, on Buffalo Field.

The climax of the day's festivities will be a Sadie Hawkins party Friday evening, at seven-thirty, in the Education Building gymnasium, where prizes will be given for the best Lil' Abner and Daisy Mae costumes and for the Daisy Mae bringing the most Lil' Abners.

Principal Cecil Briggs and Coach Hatcher Brown, former member of the Calves' team, are expecting a large number of ex-students to return to the campus for the occasion.

State Meeting Of Farm Bureau Set For Amarillo

Many farmers in Randall County will attend the State Farm Bureau's annual convention in Amarillo, Monday, Tuesday and Wednesday of next week to hear discussions of current and long time farm problems.

The American Farm Bureau Federation will be represented by several speakers.

Sessions on Monday and Wednesday will be held in the Herring Hotel. All general sessions on Tuesday will be held in the City Auditorium.

The first day of the state meeting is generally taken up with meetings of special committee and the work of the resolutions committee.

The big day will be Tuesday. The County Farm Bureau organizations in the Panhandle will give a free barbecue to the visiting delegations from other sections of the state.

The feature speech of the meeting will be Tuesday evening after the barbecue at the City Auditorium.

Voting delegates who will officially represent Randall County at the business meetings of the convention are: A. E. Wise, M. L. Davis, C. B. Erwin, L. E. Mason, J. H. Barrett and Clarence Beckman.

Alternate delegates are: G. A. Dietz, Roy N. Byrd, Jr. and L. T. Campbell.

Damage Suit Filed For Use of Picture in Press Publication

A suit has been filed in New Mexico based on the use of a picture in the Panhandle Publisher, official publication of the Panhandle Press Association of which Clyde W. Warwick is secretary. The suit is against the Clovis News-Journal Engraving Service of Clovis, who placed the advertisement with the picture.

The Panhandle Press is not made a party to the suit, according to press reports. Damages in the amount of \$25,000 are claimed. The picture is that of a child.

Armistice Day Was Observed Here on Tuesday

A large number of local citizens joined the veterans of World War I in the Armistice Day program held at West Texas State Tuesday morning. Lewis Fields of Amarillo spoke at the program held in the college auditorium. Veterans of the war were special guests. The program was in charge of Post Commander Glenn Truax of the Palo Duro Post.

The Armistice Day Breakfast at the Legion Hall was attended by a large number of veterans and their families.

Practically all Canyon business houses were closed for the day to observe the holiday.

It was announced last week that all local firms had agreed to observe both Thanksgiving and Christmas holidays. A plan is being worked out for 1948 which will include the holidays which will be observed in Canyon by business firms.

T. M. Brown Had Leg Broken at the Brown Dairy Farm

T. M. Brown, father of Albert Brown, received a broken leg and bruises on his left side and shoulder Friday afternoon in an accident on the Brown Dairy Farm south of Canyon.

Albert Brown was driving a manure spreader. His father was watching him when he saw a calf about to escape through a gate. In attempting to stop the calf Mr. Brown stepped directly in front of a wheel of the spreader and was run over before Albert was able to stop the machine.

Coldest Wave Of Winter Hit Plains Friday

The temperature dipped to 17 degrees above zero Friday morning.

This was the lowest temperature of the winter, and motorists were sent on a mad search for anti-freeze for their cars.

While the days have been very comfortable, the nights have been cold and clear. No moisture is promised for the immediate future by the weatherman.

ATTEND DEDICATION

Mr. and Mrs. R. D. Lowry attended the dedication ceremonies of Boys Ranch Farm on the South Plains near Spring Lake Sunday. There were more than four thousand persons present for the barbecue. The ranch is modern in every way, and many gifts were given in honor of the occasion. The local Mother-In-Law Club sent 18 jars of cans of vegetables.

COOPERATIVE NURSERY

The cooperative nursery will open Monday, with hours, 1 to 11 p. m., and no age limit. It will be located in the barracks at West Texas State and directed by Mrs. Willis Hedges. Children may be left by the day or hour.

Clarence Thompson, Frank Kimbrough, Clark Jarnagin, Frank Barnhill, Mitchell Jones and Raymond Thompson of Vega, were in Albuquerque on business last Saturday.

Banded Duck Is Killed By Hunters South of Canyon

While duck hunting along the south creek one day recently, Jim Strain, J. M. Black and George Melton killed several ducks, and later discovered that one of them was banded. The band which bears the number 41, has been sent in to the U. S. Game Commission.

Ducks are often banded in order to trace their routes during migration from the north to the south, and some ducks are known to reach the Texas Panhandle from as far north as Canada.

Atomic Power Was Discussed at the Lions Luncheon

In a series of programs presenting new faculty members at West Texas State College this year, the Canyon Lions Club has heard Roger Whaley, professor of physics and chemistry, and Bennie P. Simons, head librarian and professor of library science.

Mr. Whaley presented a historical sketch outlining the significant developments entering into the final production of the atomic bomb in 1945. Beginning with Dalton's theory of atoms, in 1803, the speaker showed how the union of physics and chemistry finally achieved the modern miracle. In 1897, Thompson isolated the ion. Then Milliken worked out the theory that electricity is a stream of flowing electrons. In 1932 Chadwick isolated the neutron, which revolutionized the theory of atomic energy. He demonstrated that matter in principally space, separating tiny nuclei. In 1939, two German scientists, Hahn and Strassman, took uranium and bombarded it with electrical charges, which transformed it into a compound of inconceivably great power. Lucy Meltner was working in the same laboratory with the German scientists, but fled the country at Hitler's Jewish purge, and told the details of the experiment to the Danish scientist Neils Bors. They, in turn, told Einstein and a group of forty American scientists, who duplicated the experiment successfully within two months.

Through their labors it was discovered that a small 1-inch cube of uranium 235, weighing only 1 pound, had the energy equivalent to 2½ million pounds of coal. Two cubes will produce 25 million kilowatt hours. The great possibilities of atomic energy in the treatment of such diseases as cancer, heart disease, and poliomyelitis were also touched on by the speaker. He doubted that Russia knows the secret of the atomic bomb. Even if Russia does know it, she certainly does not yet possess the engineering facilities to produce such a bomb.

Mr. Simons presented a scholarly address on recent library trends. "Knowledge grows according to the compound interest law," he stated, "hence our investment in library facilities is always a good one." The new method of photographing printed pages has enabled books or newspapers to be condensed on film requiring only one-fiftieth original storage space. He reiterated that the library at West Texas is designed to serve not only students but the entire community. He gave several illustrations of the way the reference library enables one to find answers to topics of vital interest to Panhandle residents.

Visitors included the following: with Lion Ed Williams, Ralph Watkins; with Lion Milton Morris, Rev. Weems Dykes; with Lion Boss Knott, Rev. B. E. Bollman; from Amarillo, Lion Nar Cuzzell. Also present were real performers from the Maverick Club, Dale Hulsey, Billy McLaughlin, Eddie Tilley, Rhea Smith and Bob Neal Jones.

Now Is Time to Spray For Grubs Among Cattle

A little time and trouble now, plus some rotenone, can put Texas cattle and dairymen on the road to saving \$5 million.

How? By spraying for cattle grubs.

Statistics show that forty-two percent of all Texas cattle are grubby. Grubby cattle are discounted on the market at about one cent a pound. The total loss to Texas in the cattle and dairy business in terms of milk, meat and leather each year comes close to five million dollars.

Heel flies are the parents of grubs, and the flies seldom migrate over half-a-mile. So treatment for grubs in the fall and winter will control the heel fly on the farm and ranch in the spring.

Spray the backs of the animals with a mixture of 7½ pounds of 5 percent rotenone in 100 gallons of water at about 30-day intervals in the fall and winter, said H. E. Shanahan, County Agent. Rotenone dust can be used on small herds.

Control now will help to save feed next year, too, as it takes from 10 to 15 percent more feed to fatten a grubby steer than one free of grubs.

Complete directions for grub control may be had from your County Agent's office. The cost of killing grubs is very low compared to the damage done.

Amarillo Woman Injured In Wreck North of Canyon

Mrs. John Frazier, 81 years old, of Amarillo, relieved minor scalp wounds in an automobile accident five miles north of Canyon Saturday afternoon. She was taken to Neblett Hospital in a Griggs-Warren ambulance and given emergency treatment. She returned to her home Saturday night.

The accident occurred, highway patrolmen reported when the car driven by her brother, William Troup, 83 years old, was in collision with a DeSoto driven by Donald Bills, student at Texas Technological College, Lubbock. Neither driver was injured, but both cars were badly damaged.

Donald W. McAtee Returns to States After Expedition

Donald W. McAtee, S 2-c, son of Mr. and Mrs. Donald McAtee of McLean and grandson of Mr. and Mrs. W. H. McAtee of this city, has returned to the United States after participating in the 1947 Resupply Expedition to Point Barrow, Alaska, aboard the attack transport USS Seminole. Three other cargo ships, a landing ship tank and an icebreaker also made the trip under Capt. Byron S. Anderson, USN, Commander, Transport Division 12.

Because of severe ice conditions at Point Barrow, ships can reach that point only a few weeks each year, and even then there is danger of the hovering ice pack. The unloading operation, facilitated by the 22 hours' daylight which prevails in Northern Alaska during the summer, was accomplished this year in five days with the ships' crew working around the clock.

EDGE H. D. C. TO MEET

The Edgewood Home Demonstration Club will meet in the home of Mrs. O. M. Solomon, Friday afternoon, November 14 at the regular meeting hour.

Mr. and Mrs. H. C. Baird of Hereford were Sunday guests in the home of Mrs. C. R. Fleisher.

Editorials

Those of you who read this page remember that we quoted a statement of a California newspaperman after our trip to the West Coast this summer. This fellow said that engineers had predicted that Howard Hughes would never be able to fly his big plane. Well, he did take the big ship up, and Hughes, himself, was at the controls. He was nearly killed when he tried out another one of his big planes, but that did not stop Hughes. Regardless of whether the present plane is of any use to the government, or whether or not Uncle Sam was fleeced again on the Hughes contract, we must not overlook the fact that Hughes had enough faith in the big plane to take it up. During the dangers of war we did many things which now seem silly. Money was wasted like water. Everyone who thought he had an idea that would help win the war was welcomed in Washington. As a result, many poor ideas were "sold" and the taxpayers will pay the bill. The big plane may be just another 20 million dollar lemon in the lap of Uncle Sam—but it did fly, much to the surprise of millions of people who do not know much about airplanes.

When boys start making fools of themselves, something is likely to happen. A panic was narrowly averted in Amarillo when two thoughtless boys threw a lighted fussee into the orchestra pit of a picture show. Many citizens could have been killed because of this prank. It was followed by another act of vandalism when 32 cars were stolen, either for joy riding, or just for the pleasure of putting someone to the inconvenience of being without a car for a day or two. These acts are deplorable. Those who indulge in such acts should be thoroughly and completely worked over by youths of their own age who believe in law and order. There is a movement throughout the state to introduce self government in the schools. Punishing those who are guilty of such acts of violence, and who have no regard for the lives or property of others, is one of the first responsibilities of self government. Until youth is capable of respecting the rights of others, there is little chance for youth to be capable of determining the right and wrong of society as revealed in self government.

We hear that General MacArthur is going to surprise the Republicans. It is his plan to return to America early next year, making a sweep across the nation with the view of winning the GOP nomination. MacArthur is an unpredictable man. He likes the showy way of doing things. Maybe he can sweep the nation off its feet, and maybe he cannot. So far as the hard boiled GOP leaders are concerned, MacArthur will have to show them that he will play ball with them before they fall head over heels in love with him. Maybe his long residence in the Philippines and in Japan would fit him for the presidency in these critical times. One thing is sure and certain. MacArthur would stand for no stalling on the part of the Russians.

From observation we are inclined to believe that people no longer fear debts, and are willing to go in debt far beyond their ability to pay. That is a bad situation. Credit men all over the nation are worried. They warn against loose credits and heavy installment buying. Banks report a great increase in the number of dead checks. Most of us wonder and wonder what the future holds forth. The conditions which face us today are parallel to those preceding the crash of 1929. We are told that there will be no crash in the immediate future. We hope that those who indulge in predicting know the score, and that the nation will be saved from this tragedy. The only warning that we consider worthwhile is to be careful with your credit, and do not get out on a limb—financially, we mean.

Pappy O'Daniel has been condemning members of Congress who are travelling over the world trying to get a true picture of world-wide conditions. Pappy has spent his time travelling over Texas trying to keep his political fences in repair.

We wonder which is more important—the dangers of political upheaval in Europe, which could bring another war; or the defeat in Texas of Pappy? In this complex world condition, we wish that every member of Congress could be taken on a world tour to seek out the truth, and to gather facts of prevailing conditions. We are of the opinion that a liberal education in world affairs would not hurt any of us. Congressmen included—regardless of the opinions of Pappy.

It seems pretty evident that Congress is going to tie some strings to the aid which we give Europe. In the first place, Uncle Sam is going to distribute that aid—no longer will we wear British uniforms in doling out aid; and we are going to help those who help themselves—no longer are we going to support the idle, rich Greek government while the peasants starve; and we are not going to throw away money on Russia, while we get no cooperation. We tried that during the war, and look where we are today. The man on the street believes that Congress should keep its eye on the people of Europe, and stand for no foolishness. We have played sucker long enough, and there is no sense in allowing our good nature to be imposed upon under the guise of charity.

Talked with a man the other day who employs many people, all of whom make extra large wages. His opinion of the times was that the free and easy money of the war and post-war periods has ruined many good men. Their big incomes had confused them during the war, and led them to thinking more about big spending and luxuries than about their work. And now that things are getting a little tougher most of these men are discontent because their incomes are not buying so much as they think they are entitled to. His opinion was that the storm is about to break, and when it does break very few people will be in position to weather the high winds. What do you think about it?

We were quite astonished to see a newspaper condemn the entire program of food for Europe as being entirely unnecessary. While we do not pretend to know all about conditions in Europe, we have talked with scores of our returned soldiers, who tell of the deplorable conditions which prevail. Europe is prostrate under the prevailing conditions of warfare. A drought in the Southwest is having a depressing effect upon our people. Imagine what would happen if we raised nothing for four years, and had all of our farm machinery stolen by an invading army? Would we be hungry? Yes, indeed.

The prison situation in Texas takes the front page again. The manager of the system resigns, and likewise a member of the prison board. When you deal with prisoners, you are standing right at the side of the fire, where it gets hot when it is hot. We can conceive of no tougher spot in our state government than trying to please everyone in the operation of the prison system. Those who accept positions of authority in this system are to be complimented, rather than condemned.

Sometimes we think that if we

had a million or so dollars that we would be happy. Ever feel that way? Of course you have. John G. Winant had several millions, and had been honored by our government. He should have been happy. But he shot himself to death, seemingly because he was unhappy with his lot in the world. After all, the lot that we draw in this uncertain world is usually the lot for which we equip ourselves.

Russia claims that the atomic bomb is no longer a secret. Well, why in heck have the Russians been raising so much old Ned about the atomic bomb if they knew all about it? The Russians have the habit of hollering and spitting in your face so that you are kept in the dark as to what is going on both in their heads and behind the iron curtain.

It seems that GOP leaders have about given up hopes for tax reduction in the special session of Congress. This session will continue only until the January session, with Thanksgiving and Christmas holidays to be taken out. If Congress takes care of the relief situation in Europe during the special session, it will be doing pretty well.

Rankin is not nearly so strong with the voters of Mississippi as Bilbo was during his lifetime. If the people will get rid of Rankin next year Congress will be greatly improved.

NO PROFITEERING

The Congressional hearings on commodity prices should serve at least one good purpose. They are illuminating, with official testimony, the true role of the retailer in our competitive economy.

All the evidence—from labor leaders, representatives of consumers, and others, as well as retailers themselves—indicates that generally, retailing has not profiteered, nor has it in any way influenced price inflation. Scattered exceptions to this are too few to be of significance, and competition will take care of them in the long run. Unit profits for both chains and independents today are no greater than in 1940, and in some cases are even less. If those profits were entirely eliminated, the cost of living of the average family would be reduced very little.

It is evident that many consumers have a misconception of retail-

The XIT Brand

THE story of how 3,000,000 grassy acres became the greatest ranch under one fence in the world.

By J. EVETTS HALEY

ILLUSTRATED BY H. D. BUGBEE

When the state of Texas drafted its constitution in 1876, it set aside a tract of land on its far frontier to be used in paying for a capitol. When the magnificent, red granite structure was completed twelve years later, three million acres of this land had been deeded to a Chicago syndicate in exchange for the building. Texas, long on land and short on cash, had driven a hard bargain, for millions of other acres just as good could have been bought at the time for less than a third of the price.

To meet the heavy financial outlay for conversion of the lands, the Chicago syndicate, made up primarily of John V. Farwell, the great merchant, and his brother, Senator C. B. Farwell, organized the Capitol Freehold Land and Investment Company, Limited, and at once raised five million dollars by the sale of bonds in England. Thus, with the raw land in Texas, the savings of conservative investors in Britain, and the managerial genius of broad-gauged business men in Chicago, the Capitol Syndicate Ranch came into existence in the middle eighties.

There was nothing in the history of the West quite like it. From the

northwest corner of the Panhandle, it bordered on New Mexico across ten counties in Texas, and for some 225 grassy miles to the south. Barbed wire fencing was bought by the ranch in car-load lots, side-tracked on the nearest railroads at Dodge City, Kansas; Trinidad, Colorado; Springer, New Mexico; and Colorado, Texas; and snaked hundreds of miles to the fence-line by mule and ox teams. These three million acres were eventually enclosed to become the greatest ranch under one fence in the world.

The manager, an expansive cowman from Kansas and Indian Territory who branded BQ, and hence was known as "Barbecue"

Campbell, was still casting about for a brand in the summer of '85 when Ab Blocker drifted in with the first herd. Blocker, anxious to be on his way, and spurred by that suggestive impulse that prompts artists to original conceptions of color and design, musicians to new melodies and refrains, and cowboys simply to the creation of brands, dragged his boot-heel through the coral dust to form the pattern, XIT.

Campbell seized upon it, Blocker foretold the first cow to be branded, and thereafter XIT crews burnt this brand into the hides of hundreds of thousands of cattle. Then they got another great range beyond the Yellowstone, and each year several great herds, maneuvered with finished ease by riders who knew the "cow business", were driven up the Montana Trail a thousand miles from Texas. Two years later the brand, marking prime and heavy beef off Montana's ranges, was on the Chicago Stockyards in trainload lots.

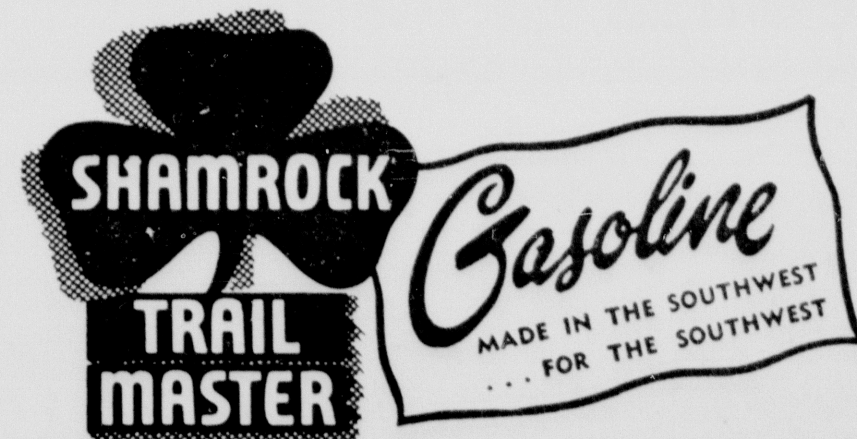

Legends grew up about this far-flung enterprise, and the XIT came

to signify "Ten in Texas", as imaginative minds reasoned from the fact that it spanned in whole or in part ten great counties in the Lone Star State. Spurred and booted men sweated and slaved, and even battled and bled, in defense of this brand as the symbol of their land and loyalties, as well as the mark of law and order, and of decent, honest ownership.

Those who boldly conceived this splendid enterprise are dead and gone, the ledgers in Britain are long since closed on bonds and interest paid, and the 3,000,000 grassy acres are broken up among thousands of owners of country homes. But the capitol building of Texas still stands in stable, granitic pride, and the memories of the XIT are revived in an annual reunion in a prosperous little city that has grown on the ranch's land. From Blocker's casual boot-heel tracing in the sand, the XIT brand spread, from seared hide and storied tradition, into a saga of the West.

Hutchison-Smith Nuptial Rites Are Announced

Saturday afternoon, November 1, at 3 o'clock, in the Woman's Department Club, Terra Haute, Indiana, Miss Marguerite Hutchison, daughter of Mr. and Mrs. R. E. Hutchison of Syracuse, Mo., became the bride of Dr. Lloyd N. Smith, son of Mr. and Mrs. A. P. Smith of Hughesville, Mo.

Rev. G. L. Messinger of Glenn Park Christian Church, Peoria, Ill., read the double ring ceremony before an improvised altar arranged in front of the fire place in the south drawing room.

Before and during the ceremony, a delightful musical program was given by Miss Vivien Bard, piano, and Mrs. Ralph N. Tiley, voice.

Miss Pauline Hutchison of Booneville, Mo., sister of the bride, attended her as maid of honor. Her street length moss green crepe frock was worn with brown accessories. Her flowers were bronze and yellow pompons.

The bride was beautifully gowned in beige crepe, street length, with

matching feather hat trimmed in brown velvet to match her brown accessories. Her corsage was of deep purple orchids.

The reception following the ceremony was in the clubhouse. The refreshment table in the dining room held the all white three-tiered wedding cake encircled with a smilax and gypsophila and lighted white tapers.

Upon returning from a week's wedding trip Dr. and Mrs. Smith will be at home at 331 North Seventh street. Mrs. Smith is a teacher in State Laboratory School and Dr. Smith is in the department of education at the Indiana State Teacher's College.

Dr. Smith was a member of the faculty at West Texas State for three years prior to his induction into the army. After his discharge he resigned to accept his present position.

Rev. Messinger was formerly minister of the First Christian Church in Canyon.

Mrs. Newt Reeves was in Batesville over the week end attending to business.

Just received a car of cottonseed cake. Farmers Elevator.

MRS. FRED MARSHALL IS MOTHER-IN-LAW HOSTESS

The home of Mrs. Fred Marshall was beautifully decorated with chrysanthemums of varied sizes and colors, when she entertained the members of the Mother-in-law Club last Thursday afternoon. Mrs. R. D. Lowry presided at the brief business session.

Several members reported on the trip to Boys Ranch at Old Tascosa, Oct. 23. They presented 95 cans of vegetables and two quilts to the boys. Several planned to attend the dedication of the new Boys Ranch at Springlake Sunday. Mrs. M. E. Sogree had charge of the program.

Refreshments of spiced tea, sandwiches, cookies and candies were served to Mrs. W. B. Matthews and Mrs. J. L. Hilgenfeld, guests. Mrs. W. H. Sparks, Mrs. I. W. Scott, Mrs. Winnie Gibbs, Mrs. W. L. Rice, Mrs. W. S. Myers, Mrs. J. C. McDaniel, Mrs. M. E. Cleavenger, Mrs. T. T. Fain, Mrs. G. B. Combs, Mrs. M. S. Frieze, Mrs. Otto White, Mrs. T. M. Thurmon, Mrs. T. W. Langston, Mrs. M. E. Sogree, Mrs. C. H. Stratton, Mrs. G. C. Cole, Mrs. J. T. Sikes, Mrs. I. M. Steen, Mrs. Lowry and Mrs. Marshall, members.

The next meeting will be in the home of Mrs. E. B. Anthony, with Mrs. Jessie Reid as hostess. It will be the Christmas party, and all members are urged to attend and bring gifts.

Fund Reaches Active Status

Willsons' First College Lecturer Arrives Next Month

Mr. and Mrs. James Willson, pioneers of Texas and residents of Floydada, have established a fund of \$10,000 which is to be used each year to bring outstanding religious and social leaders to the campus of West Texas State for a series of lectures, private conferences with students and faculty members, and other instructive talks.

The fund was set up last year, but this is the first time it has been used. Roy L. Smith, editor of the Christian Advocate, Chicago, will be the first lecturer to come to West Texas by income of the fund.

Dr. Smith, a well-known writer and lecturer will be available to the students December 2, 3, 4, and 5. In addition to assembly lectures each day at 11 o'clock, he will give addresses to small groups in college, conduct personal interviews, and perform other special services.

Dr. J. A. Hill is grateful for the fund and thinks it is one of the best things ever presented to West Texas State. In thanking the Willsons for their kindness, he said:

"This series of lectures is a partial fulfillment of the dreams which I have had for years and we are under very deep obligation to Mr. and Mrs. Willson."

MRS. D. D. ALLEN DIES IN CALIFORNIA

Word has been received here of the death Friday morning of Mrs. D. D. Allen at her home in California. Funeral and burial services were held at Norman, Okla.

Mrs. Allen was the mother of Mrs. Isabelle Dickinson of this city, and she had made her home with her daughter at one time.

Visiting in the home of Mrs. Blanche Haines recently were her brother and sister-in-law, Mr. and Mrs. Harry Grenoble, whom she had not seen in 33 years. Also guests were a niece and her husband, Mr. and Mrs. Eddie Korb, all of Dallas, South Dakota. They went from South Dakota to California and returned by way of Texas, traveling through nine states. They arrived at their home Tuesday, after encountering rain and snow in Nebraska.

Mr. and Mrs. Bob Fulkerson and son, Bobby, of Tucumcari, N. M., Rev. and Mrs. J. H. Wright and son, Johnny, of Olney are here this week for a visit in the parental J. H. Wright home and to attend the Baptist Convention in Amarillo.

Mrs. M. C. Alexander of Dalhart is spending the week visiting with her sister-in-law, Mrs. Newt Reeves, and with Mr. and Mrs. T. V. Reeves.

Judge A. H. Hunt is able to be at his office daily since his recent attack of the flu. Burney Slack is still assisting him with the work of County Judge.

One purpose of President Truman's calling a special session of the U. S. Congress when he did was to deliver a setback to the Communists in France and Italy. The idea is that concrete action in Washington to get started on help for the two countries will increase the strength of those who have been advocating the adoption of the United States plan for European stability.

In spite of optimistic talk to the contrary, there is virtually no chance of a peace conference on Japan this year. Such a meeting was possible a few weeks ago but now, as one American official puts it, "only a miracle" could get the conference started in the next two months. The Marshall Plan and the coming meeting of the Foreign Ministers in London are taking the full time of the experts. Nevertheless, the Japanese Government hopes for peace negotiations by January or February.

If the London Conference of the Foreign Minister fails, as expected, to reach agreement on peace terms for Germany, the United States and Britain are ready to merge their occupation zones politically as well as economically. France may put its zone in with them, making two Germanys definite.

Now the fact is there are too many middle-men in the construction business. For over a year now I have been studying costs of a medium-priced home for myself. I have come to the conclusion that until America adopts mass-production methods in home-building, as it does in automobiles, very few will get new houses.—Mathew Warren, Arlington, Va.

Save Food—But Eat the Right Kind Is Urged

Commenting on the food conservation program now being stressed throughout the nation, Dr. Geo. W. Cox, State Health Officer today emphasized the importance of including the proper food requisites in the daily diet, as being important to the maintenance of health.

"Food conservation is an absolute necessity and all Texans are eager to assist in this program; but eliminating needful basic foods will only result in undernourishment and illness, which can be avoided by observing the Texas Food Standard in daily meals," Dr. Cox said. "This food standard will enable Texans to utilize available foods, eliminate waste, cooperate in conserving food and spend their food dollar wisely."

The Texas Food Standard, recommended by Dr. Cox, provides all necessary food elements, and for

each individual includes daily servings of: 1 pint to 1 quart milk; 1 egg or substitute; 1 serving meat; poultry or fish; 1 serving potatoes; 1 serving green or yellow vegetables; 1 serving citrus fruit or tomatoes; 1 serving other fruit; 1 serving whole grain products; other enriched cereals or breads; small amount butter or margarine with vitamins added; some sweets or desserts in modest quantities.

"Good nutrition is based upon the observance of good habits, practiced every day," Dr. Cox declared. "This is important at any time, but especially now, when it will not only maintain good health but assist in the conservation of food supplies."

Although the American Mission to Greece is fairly well advanced with its work, the country still is regarded as an outpost from a military standpoint. Military experts have concluded that if Greece should be attacked in force, both United States and British troops would have to get out as fast as they could.

For Maximum Heating Satisfaction We Recommend CENTRAL FORCED-AIR GAS FURNACES

For the ultimate in clean, healthful and effortless heating, nothing can beat the combination of natural gas fuel and an adequately-sized central forced-air furnace.

A forced-air central furnace gives you all the advantages of low-cost natural gas heating. It provides clean, constant, automatic heat, evenly distributed throughout the rooms by means of a blower. With it there is no stratification of heat, no cold floors, no cold corners. This excellent type of equipment is always vented and thermostatically controlled.

NO BASEMENT NEEDED

Central forced-air furnaces may be located in the attic, under the floor, or in any ground-floor room such as utility room, service porch, kitchen, hall closet, etc. Compact models in many shapes and sizes are manufactured to meet your specific need.

The position of the United States, favoring creation of a Jewish nation in Palestine, was decided by President Truman. Some of the conclusions he reached were not in full accord with the recommendations of Secretary of State George C. Marshall and varied from the ideas of military advisers who are concerned about endangering Arabian oil supplies.

Six of the U. S. Congressmen who toured Spain had some harsh words among themselves over whether they should visit Generalissimo Francisco Franco. When three of the group insisted on the call, the other three became so angry that they walked out of a party later to avoid spending the evening with their colleagues.

Children Play War in Germany

Defenseless Young 'Fuehrer' Is Leader of Games in Munich Ruins.

MUNICH. — With no school to keep them busy a good part of the day, the children are playing war in the sand boxes, the fields and the bomb craters of Germany. This has become more and more evident even to the most casual observer.

It is not the same old war that children have been playing for generations. This has been brought up to date. Now they talk about "atomic bombs" and rockets.

These are the children who know more about bombs than any others in the world. They huddled in darkness and terror many nights as death rained down—and that was only two years ago.

Grown-up Germans remember those nights with a shudder. The children have forgotten all but the excitement. They translate that now into their games.

Scratch in Ruins.

A group of them were playing their war game in the heart of Munich's rubble—the town is 45 per cent bombed out—building air raid shelters, miniature "west walls," tunnels for underground retreat and ammunition storage in the heaps of sand and bricks. It was very realistic.

Scratching in the ruins they uncovered some old S.S. helmets inscribed with the swastika. The new "verboten" doctrine has not penetrated to the children. They do not understand why the swastika should be scratched off.

This gang had its own little "Fuehrer," too, and he was the absolute boss. He ordered the others around and anyone who objected was "court-martialed" and then the wooden guns "banged." The "Fuehrer" wasn't a German, just as Hitler, the Austrian, wasn't. He was a 9-year-old Estonian refugee named Henric.

Henric was a willing guide. He explained that in the "bunker" he was building there was an underground tunnel where "his men" were working on a "1001 night bomb."

Adults Coin Excuses.

Henric ordered a 7-year-old Munich girl to sit in front of the bunker. She was the "civilian population." Another boy threw sand in her face. That was supposed to be what happened when a bomb hit.

A German hausfrau leaned out of the window of a nearby house and objected that the boys "should take better care of the civilian population."

"I am throwing bombs on it just as they did," little Fritz replied.

Parents and teachers explain that the children have nothing else to do and they can't make them sit around idle. There are no picture books or fairy tales. In the kindergarten the teacher must draw her stories on a blackboard.

One official of the culture ministry complained sharply about the lack of books. He said there were more than a dozen publications dealing with concentration camps.

"Nobody reads them," he said. "People buy them because it seems like a good idea to have them in their private libraries. But nobody reads them, just as it was with 'Mein Kampf' and the 'Myth of the 20th Century' (Hitler's and Rosenberg's books)."

Digs Up His Cellar, Finds

Treasure in Ancient Coins

DUBUQUE, IOWA.—Discovery of a buried treasure of gold and silver coins, some of them minted 125 years ago, was disclosed here.

John Berens of Dubuque, who unearthed the treasure while enlarging the cellar in an old house he bought here, said the total face value of the coins was "in the neighborhood of \$9,000."

On the advice of his attorney, Berens immediately turned the treasure over to Allan T. Daykin, county auditor, in compliance with state legal procedure in such case. The auditor made an inventory of the coins. The auditor must advertise and post notices of the find, and if the rightful owner can prove ownership within one year, he will receive the money—less 10 per cent which will go to Berens. If no claimant can prove ownership in a year, the treasure will go to Berens.

Mother, 23, Seeks Custody of Infant She Never Has Seen

DAVENPORT, IOWA. — A 23-year-old mother went to court in an effort to gain custody of the infant son she says she never has seen.

This was the story told by Mrs. Gertrude Moyer of Des Moines in her habeas corpus action against Mr. and Mrs. L. J. Carleton.

The son was born last January 10 at a hospital where her husband, Marvin Moyer, registered her as Gertrude Field.

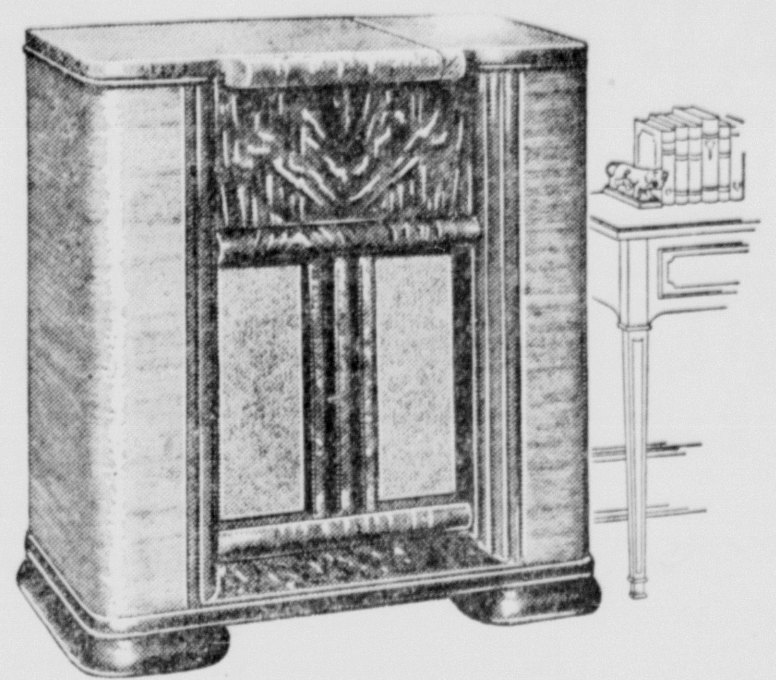

Her husband then arranged for the Carletons to take the child and obtained her signature to adoption papers before she realized what was taking place.

The baby then was turned over to the Carletons before Mrs. Moyer ever saw it, and her husband divorced her and remarried the following month.

Dies in New Mexico**

The man who made possible the growth of West Texas State College to an Amarillo Branch died last week.

He was Allen Early, Sr., 67, victim of a drowning tragedy in the frigid waters of Weatherly Lake near Des Moines, New Mexico. As snow and icy wind chopped across the near-frozen lake, Mr. Early's fishing boat capsized when the motor failed.

The accident occurred about noon Thursday, ending the career of a notable Amarillo civic leader, businessman and philanthropist.

Besides the contribution of his beautiful home at 2101 Harrison to the College, he donated to the Presbyterian Church the site and building for the children's home north of Amarillo, and the land and money for the Amarillo Day Nursery.

In a statement concerning the death of one of WT's most generous benefactors, Pres. J. A. Hill said:

"The gift of his home to West Texas State College was one of the outstanding and most valuable made to the institution since its beginning. Amarillo Center is a memorial to Allen Early's vision. Not only the College, but also Amarillo and those persons who come under the influence of the Center are under heavy obligation to his memory."

First president of the Amarillo Grain Company (organized in 1920), Mr. Early had lived in the Panhandle almost 50 years, having moved here from Waco at the turn of the century. He founded the Early

Grain Company, and during the '20's was in the furniture business.

Several years ago he retired, holding valuable real estate interests. He was an active worker in the Potter county chapter of the American Red Cross, and formerly was a school trustee.

Survivors included the widow, a son and a daughter.

Mr. and Mrs. W. W. Slagle are in Canyon until they can find a residence in Amarillo. Mr. Slagle has been transferred from Wichita Falls to Amarillo by the Southwestern Bell Telephone Company. Mrs. Slagle is the former Miss Cheri Kilchrist of this city.

Mr. and Mrs. James A. Butler and children, Carol and Harold, of Amarillo were here Saturday visiting in the home of her mother, Mrs. Bernice Laughery, and with his mother, Mrs. Mamie Butler.

Wendell Spray of Amarillo was in Canyon attending to business Monday afternoon.

DROWNED**ALLEN EARLY, SR.**

Mrs. Tracy Britt of DeQueen, Ark., is spending the week visiting in the home of her son-in-law and daughter, Mr. and Mrs. Wayne Wirt, and her little granddaughter, Debra Jean.

**Dr. Armstrong Is
Guest Speaker for
Happy Lions Club**

Tuesday night the Lions Club of Happy was addressed by Dr. Noble Armstrong, professor of education, West Texas State College. Stressing the Armistice Day theme, the speaker outlined five ways in which this country can fulfill its peculiar mission in this critical period.

It must assume responsibility for carrying the burden of nations prostrated by the war. It must demonstrate its leadership with a clearcut, fearless foreign policy. If its democracy is the best way of life, it must "sell" it to the bankrupt nations, on the brink of communism. Narrow nationalism must give way to broad-minded internationalism, and finally, the firm establishment of a world government is imperative. The outlook for a brighter day is at hand, following the clearing away of the postwar chaotic conditions, Dr. Armstrong stated.

Mr. and Mrs. John Hammond have returned from San Antonio where they have been for the past few weeks while Mrs. Hammond was receiving medical treatment. They were accompanied home by Mrs. E. B. Anthony who has been visiting with relatives in Eldorado.

Feed For Milk

The most common causes for holding cows back in production are:

Feeding too little hay.

Water not being placed where cows can reach it as they want it.

Placing too much dependence in pasture.

Permitting a cow to remain in production too long between periods.

Too skimpy feeding of the PROPER milk making ration.

Try Purina Cow Chow and see the difference in the amount of milk
you get as well as the condition of the animal.

We carry Purina Chows of all kinds, as well as our own poultry and
cattle mixes.

Students from Hawaii and China To Give Program for Baptists Sunday

PACIFIC STUDENTS COMING SUNDAY

Five Wayland College students from the far-off Pacific will be at a special service at the First Baptist Church in Canyon, Sunday, Nov. 16, at 8:00, according to announcement of Pastor Roy L. Johnson.

The students are Muriel Okamoto, Sam Choy, Mori Haritani, and Edward Arakawa of the Hawaiian Islands, and Rachel Fong of China. These are some of the students being brought to Wayland by President J. W. Marshall for training as native Christian workers in their own homelands, and five others are expected from China at the beginning of the second semester in January.

Friends among Canyon students will enjoy a fellowship hour in the church social rooms at 5:00 Sunday.

Emil F. Myers Has Asked Local Singers Join in Messiah

The annual presentation of The Messiah will be held in Amarillo Dec. 14, under the direction of Emil F. Myers. This will be the 17th performance in Amarillo of this famous oratorio by Handel.

Singers from Canyon are asked to organize and join in the performance in Amarillo.

Mr. Myers writes that large groups of singers from Hereford, Borger, Pampa, Dalhart and Stratford are practicing and will join in the Amarillo performance. The Wayland College choir from Plainview will assist in the presentation.

Mr. Myers asks local singers who wish to join in the performance to advise him at once. Rehearsals are held weekly at 8 o'clock on Tuesdays at the Amarillo College auditorium.

with a "snack supper" at 6:00. The visitors will be heard at Training Union hour at 6:45 in various unions, and will have the evening preaching hour at 8:00, with the chief message by Sam Choy, young preacher from near Honolulu. J. R. (Red) Harden, business manager of Wayland College, is sponsoring the trip of these students to Canyon, and he invites his friends to hear them.

Erdman Conducts Extensive Tour

Miss Loula Grace Erdman of the English department left Friday for Denton, where she will be guest speaker at a public relations banquet sponsored by the public school system.

Saturday, Miss Erdman was scheduled to address faculty members and students at Baylor University, Waco. Her subject of discourse for both events is "The Teacher and the Public."

Tomorrow she will be interviewed during a broadcast over KRLD, Dallas, and Friday she will discuss "Writing a Novel" at a luncheon meeting of the Advertisers Club and the Texas Institute of Letters Awards meeting held at Cokesbury's Book store, Dallas.

Climaxing the tour, Miss Erdman is to be a guest of honor at a tea and reception given Sunday by the Delta Cappa Gamma sorority and AAUW, in commemoration of Texas Author's Week.

Every Person Must Help End Spread Of Diseases

It is the duty of every citizen, young and old, to help in preventing the spread of disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to protect others from illness. Even the kindergarten age child can be taught to cover a cough or sneeze, to help in preventing the spread of colds or other infectious diseases that start with the symptoms of a cold.

Dr. Geo. W. Cox, State Health Officer, emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the whole-hearted support of the people. Every case of illness that looks suspicious of being a communicable disease should be promptly reported to the health officer. Physicians report to the county health officer the cases of communicable disease they diagnose as such, but parents often fail in this duty. The local health officer cannot institute control measures if he is not informed of cases or suspected cases of communicable diseases.

Some signs and symptoms which often accompany communicable disease are: red and running eyes; running nose; coughing and sneezing; dizziness or faintness; swelling about the neck; sore throat; unusual paleness; earache or running ears; feverish appearance; rash; nausea; vomiting or diarrhea; irritability or other change in normal behavior and appearance.

Help to prevent the spread of communicable disease in your neighborhood by observing correct health practices, and reporting promptly any appearance of suspicious symptoms.

ARE YOU A TERMITE?

Do you have to carve on your desk? That goes for writing too. No? Well why do you do it? In the classrooms of CHS on almost every desk are the earmarks of their having been chewed on by a termite. Only a student could have done it. Those names and faces are not exactly flattering to the desk.

And another thing, while one is taking a test, all of a sudden his fountain pen blots and he has to start all over. The reason for the blot is that the fountain pen has come across one of those carvings. Next time one starts to carve something, remember, it might be he who has to start over.

Purple footballs outlined in white ink and bearing the inscription "Beat Springlake" were on sale last week by the homemaking department for ten cents each.

Billie Bonds, Laverne Henders and Earlene Davis, former students of Canyon High, and now pupils of WT High, visited CHS last week.

Larry Roush and Ridings Sloan, ex-students, were seen in the halls of Canyon High last Friday.

Geneva McDougal and Valeta Haines seemed to be enjoying the ball game Saturday night with some well known Dimmitt boys, Lonnie Rice and Junior Fulfer.

FLASH: Sue Ann Colwell asked Billy Cleavinger for a date to the Drum Corps party! Or did she?

Janey Forester couldn't be found Sunday night, could she Austell?

Clifford just can't seem to make up his mind it seems. It was Joan Morton, Thursday night, Mary Borden Friday and Saturday night, and Martha Jean Avent Sunday night. (Pretty busy I'd say).

Grade Notes

Mary Tom Spring, Mrs. T. W. Collins' grand daughter visited her first grade last week.

Shelly Jean Higgenbotham has been absent from Mrs. Joe Black's first grade because of illness.

Coming from Amarillo, Gene Westfall, entered Mrs. Roscoe Davis' grade. This group has made a tent circus to finish a unit on wild animals.

Mrs. Murrell's second grade has made a zoo composed of bears, monkeys, giraffes, elephants, tigers, and panthers. Some of these are twelve inches tall. Canyon zoo is the name that has been selected for it.

Mrs. A. K. Goodman's room received a globe of the world from Mrs. Clay Cooper. They have been making pilgrim scenes on the sand table. George Avent went to Sunray to see a football game there.

Ninth Grade Wins Football Honors

Two weeks of exciting football ended as the freshmen hand a six to nothing defeat to the sophomores in the Canyon High School Intramural Football crown.

The freshmen received the right to play in the final game by defeating the eighth grade. The sophomore team won over the seniors.

Two games were necessary to find the victor. The first game was a nothing to nothing tie with no penetrations being inflicted by either side. In the second game a thirty yard pass and end play from Richmond Payne to Landon Barrett marked up the touchdown. A third game was played just for fun, and it was a tie.

Allah Axiom Shows Ingenious Illusions

Alla Axiom, magician extraordinary, will be presented by the publication department of Canyon High School at 7:30 p. m. in the auditorium December 5 and 6.

This show presents a mighty mobilization of new sensational effects gathered from all parts of the world. A full evening's entertainment will feature a girl shot from a cannon, two girls divided into 22 parts, a girl suspended on the points of swords and many other super illusions.

Admission will be one dollar for adults and 50 cents for children.

"We are bringing the best possible entertainment of this kind to our patrons," states Superintendent E. A. Wooten, "and we feel they will not only enjoy the program, but will be glad to help our publications department."

Captains Crown Football Queen

Juanita Avent, junior, who was elected 1947-48 Football Queen by the football boys last Monday afternoon, was crowned in a ceremony preceding the Canyon-Springlake game Saturday night.

Juanita with her attendants Martha Wilson, Janey Forester, Frances Standley, Verna Davenport, arrived on the field in a yellow convertible, driven by Max Bellah.

The Queen, dressed in a white suit with purple accessories was escorted to the edge of the field by co-captains Lee Bailey and James Bible where James presented her with a bouquet of white chrysanthemums. She was crowned by Lee Bailey with a white football helmet.

After the coronation, the Queen and her attendants were taken by their escorts, Dick Barrett, Austell Burrus, Meade Michael and Wayne Davis, to a special platform where they viewed the football game.

Hunter and Burrus Highest Magician's Tricks on Stage

"Ouch!" seemed the key word in the vocabularies of Tommy Hunter and Austell Burrus in the assembly program presented by Magrum, the magician, Wednesday, November 5.

With the aid of these boys and Carroll Wilson, Mr. Magrum performed a number of card tricks, disappearing acts, and the famous Chinese ring act.

Tying silk handkerchiefs together and making the knots disappear, plucking cards out of the air, making glasses and bottles disappear and reappear, and pulling articles out of an empty box were some of Mr. Magrum's specialties.

The next lyceum number will be December 17 by Joseph Ellis, noted Japanese traveler and lecturer.

Donald Davis Makes Purchase of Registered Boar Recently

Donald Davis purchased from the O. W. Friedow Farms in Britt, Iowa, a registered Poland China Boar. Paul Boyant, field man for the publication, "Poland China World," did the bidding at the Friedow Farm's sale.

Several of the boys in the FFA have Poland China gilts and a need for a good boar was aroused since the nearest that could be used was at Tulla.

The boar was on the train fifty-four hours.

"It was drawn from lack of feed and water but will be in top shape in a few days," states Donald Davis.

Plans Bonfire

Due to the fact that a bonfire would interfere with college activities, the bonfire scheduled for last Friday was canceled.

Principal J. E. Miller states, "A bonfire will be held Thursday night at 7 o'clock in preparation for the football game Friday night. The celebration will be under the direction of the pep squad and drum corps."

Mr. Miller urges that students securing wood for the fire should be extremely careful not to damage private and public property, since heavy fines may be assessed those violating the law.

Canyon Defeats Springlake 14-0

Carter, McCarter Score Points for Eaglemen

Canyon High's hard-fighting Eagles will meet the highly touted Dimmitt Bobcats in Canyon's last conference game of the season Friday. The Eagles will go into this game undefeated and untied in district play.

Dimmitt has been defeated in one district conflict, losing to Tulla by a score of 14-6. Dimmitt is reported to be one of the toughest teams in the conference. The Bobcats are rated high in their offensive ability as well in defensive. Dimmitt's Lonnie Rice and Bobby Warren leading scorers in region one and are expected to test the Eagles' uncanny defense.

In the hard fought game played Saturday night against the Springlake Wolverines the Eagles failed to get their offense rolling until the latter part of the third quarter.

Billy Joe McCarter set up the first score when he intercepted one of Springlake's aerials on the Wolverines fifteen and wriggled his way to the ten before he was downed. McCarter plunged the remaining yardage for the first touchdown of the evening. The extra point was made good on a pass from Tommy Hunter to Horace Carter.

Springlake received Canyon's kick on their own twenty to battle their way to the forty. The Wolverines failed to gain ground and were forced to kick. "Nig" Carter received the wobbly punt on his own thirty-five to twist and dodge sixty-five yards for the Eagles' score. Carter passed to Austell Burrus for the extra point.

The remaining part of the final period was a battle with both teams fumbling. Canyon tried desperately in the closing minutes to connect with aerials. Hunter completed one pass to Carter for a ten yard gain. The Eagles marched their way to Springlake's five yard line just as the final whistle blew.

Sadie Hawkins Tags School's Lil' Abners

Run, boys run! Unless you want to get hooked for life by "one of them thar women," you'd better hurry! According to the rules, the doom-week will be from November 17-24. This age-old tradition has become practiced even in Lower Slobbovia as well as in Canyon High.

Here are a few rules and regulations which must be enforced with the utmost strictness:

Girls are not allowed to corner but one boy and must make more than one date for this special week.

Girls must bring boys home by midnight in order to stay on the good side of the boy's parents.

Girls must not be a cheap-skate and should take her date some kind of a present for every date.

Girls must take dates to show, if boys wish.

The boys must be through primping and be ready on time.

Girls shouldn't criticize the boys' make-up.

Boys should send their girl friends home at a reasonable hour.

The FFA girls sold mums for the Springlake-Canyon game at a cost of \$1.00 and \$1.50. The club cleared \$20.00 on this sale.

A lot of voters would welcome a party platform that included restoring the bureau to the furniture business.

OUT AHEAD IN New Cab Comfort

*Better Looking... Better Riding
Better Built and A Better Buy*

New light and medium duty GMCs lead the field with new and outstanding comfort features. For roominess, there's more leg room, hip room and elbow room. For riding comfort, there's the 3-point cab mounting with rubber stabilizers... adjustable seat with nearly double the number of springs... scientific insulation and soundproofing. For visibility and ventilation there are larger windshields and windows and new fresh air circulation. For added style, stamina and value, there's the distinctive new front end design with rugged radiator grille... war-proven and improved engines... stronger and sturdier chassis.

Power of H-SU Too Much For Buffs Friday

There was just no stopping the whirlwind of the Hardin-Simmons Cowboys, Wilton 'Hook' Davis, Friday night as he and his teammates from Abilene ran rampant over the Buffaloes of West Texas 27-6 in a Border Conference game.

If Davis' yards gained were subtracted from the Cowboy total West Texas would have looked pretty good, but he made nearly twice the yardage by himself that the whole Buffalo team was able to rake up. Before the game, he was third in the nation, but now with his 230 yards added in, he will undoubtedly be first on the list.

But Davis didn't run the football field throughout the game, because his supporters on the line were constantly opening gaping holes in the Buffs' line for him to plow through. His wide, sweeping end runs were usually good for more than a first down.

Heavy odds were against the Buffs from the start, but they fought hard during the whole game and allowed Hardin-Simmons no easy time of it. West Texas also gained ground on the Hardin-Simmons penalties, which totaled 107 yards.

Passing played a surprisingly small role in the tilt, considering that West Texas could not gain consistently on the ground. Of the nine the Buffs attempted, only one was caught, and that by a man from the Cowboys. On the other hand, H-SU attempted seven throws and completed three for a total of 33 yards, one of those a touchdown pass.

Scoring started early in the first quarter when the Cowpokes got the kickoff on their own 19 and Davis' long runs soon put the ball on the Buffs' one. Bailey then plunged over for the first tally. Proctor, the huge Cowboy tackle made the three extra points, missing only one during the game.

The second Hardin-Simmons score came in the second period after Al Johnson had placed a coffin corner kick on the Buff 3. Boyd Williams' return punt blew back to West Texas' 22. From there Bailey and Davis ran the ball to the 10 from where Johnson passed to McChesney for the score. At the half Hardin-Simmons led 13-0.

Bailey again set up a score by his brilliant runback of an intercepted Buffalo pass. He caught it on his 35 and was stopped when he reached the Buff 31. Davis ran to the 5 for a first down, then on the next play ran over for his only tally of the evening.

The Buffs' score came only about three minutes after the third score as the Cowboys kicked off. The ball slithered across the field to Garrett, Buff center, who covered it on the WT 47. Foster and Conner rang up 9 yards, then a penalty against Hardin-Simmons gave the Buffs a first down. Berl Pruitt picked up 29 yards on an end play to place the ball on the Cowboys' 10. Another penalty put the ball on the 1-yard line. On the next play, Pruitt gained the necessary yardage but fumbled the ball in the end zone. An alert play by Omer Jordan saved the day as he pounced on the ball to give the Buffs a much needed score. The try for conversion failed.

Again in the last period the Cowboys surged downfield to score from their own 48. Cook picked up 12, Davis zigzagged his way for 20 more, then Troutman, who weighs 228 pounds, plunged over for the tally. The score then was 27-6.

It's time to remind everyone again that "American" ends in "I can."

Colorado Tigers Next Buffalo Foe

When the Colorado College Tigers tangled with Fort Hays Kansas State last week they were on the top with a 19-7 win but lost their quarterback, Bob Pringle, fullback Mel Tucker, and John Folsom, center. It is doubtful if these boys will be recovered fully enough to play in the Rocky Mountain Tilt with Colorado State at Greeley. Hal French played practically the full game at Fort Hays and although the game didn't help his injured wrist, he played an excellent game.

Leo Kuzma, center, who received a knee injury in the Grinnell game the last of September, had the cast removed two weeks ago and may be able to play against Colorado State. With the loss of Folsom, Kuzma will bolster the strength in the middle of the line.

The Tigers were able to maintain their excellent record in the pass defense column last week with the Kansans completing 2 out of 12 attempts for only 24 yards.

Bufs Drive Back

The Buffs having lost a hard fought conference game to Hardin-Simmons will be trying to get back into the win column again and bring their defensive record standing up to a somewhat higher point than they are at the present after the H-SU defeat.

The Buff line took a beating as the Cowboys raced through and around it at will but the Buffs passing defense held as Hardin-Simmons only completed 1 pass for 10 yards.

The Buffs have not looked too impressive in their non-conference tilts having lost two and winning one. They lost to Tulsa 26-13, to ACC 13-6 and took Hardin College at Wichita Falls 28 to 0 in a Homecoming game.

Here's an ALL PURPOSE machine that you'll use year after year. The EVERSMAN will not only do your initial job of dirt moving and leveling, leaving your fields in perfect condition for irrigation and drainage, but it is a machine you need every year for maintaining contours and preparing seed beds.

The EVERSMAN is truly an AUTOMATIC leveler. It has the patented eccentric (crank) axle—when wheels go on high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill. Front clod buster and rear smoother blade firms the surface as the machine moves along producing a finely pulverized seed bed while AUTOMATICALLY LEVELING. Also equipped with patented wheel lift for DIRT MOVING which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish.

One inexperienced man driving your present tractor handles this ALL PURPOSE machine. Moves fast on rubber tired wheels. Inexpensive!

Get your DIRT MOVING done this FALL with your EVERSMAN and have the same machine for finish leveling and seed bed preparation in the SPRING
